Mill Stucco
Stucco is available in a select range of colours.

Developed in Australia SymoniteHD is the only Aluminium Composite Panel of its kind. Manufactured using a unique Heavy Duty fibre reinforced phenolic core resulting in a highly impact resistant panel unrivalled in the market.

SymoniteHD is manufactured exclusively by Symonite and can be used as facades, curtain walls, partitions, fascias, awnings, signage, screens or anywhere a lightweight fire resistant panel is required.

Symonite proudly supports Australian businesses.

The colours and details shown in this brochure are to the highest standards in printing. However, they should only be used as an indication of actual product colour.
